Adults with learning disabilities know very little about sex and relationships, their own feeling and needs, about the feeling and needs of other people.

Parents and social workers and caring staff would like to assist them in a self-guided way of life, but don't know how.

SEXUAL EDUCATION

for Adults with Disabilities,
their parents and staff

USING THE RIGHT WORDS:

We draft a list of words and explain them. Thus people from different social, cultural and ethnic backgrounds can understand and learn about sexuality.

BETTER LEARNING ABOUT SEXUALITY

We look for and invent new ways for sexual education like drama, videos, pictures, drawings and songs.

EDUCATE THE PEOPLE WHO HAVE A SAY

We explain how important accessible education about sex and relationships is for people with learning disabilities and how to do it better.

SEAD STUDIES

We ask people what they need to know and what they want to learn.
